About the restaurant

About US

Welcome to our Seaqueen restaurant, where our passion for providing the freshest seafood is matched only by our love for exceptional hospitality. Our restaurant is located in the heart of upland California, and we take pride in sourcing the highest quality seafood from sustainable fisheries across the country.

Our menu is an ode to the bounty of the sea. From the raw bar, we offer a selection of the freshest oysters, clams, and shrimp, expertly shucked and served with classic accompaniments. Our starters showcase the versatility of seafood, with dishes like crispy calamari, smoked salmon dip, and tuna poke.

For entrees, our chefs prepare each dish with care and precision, highlighting the natural flavors of the seafood. From classic dishes like lobster rolls and fish and chips to innovative creations like blackened swordfish and miso-glazed sea bass, there is something for everyone on our menu.

Our commitment to exceptional hospitality means that every guest who walks through our doors is treated like family. Whether you're joining us for a quick lunch or a celebratory dinner, our team is here to make your experience unforgettable.

In addition to our delicious seafood offerings, we also have a selection of non-seafood items on our menu. Our chefs take the same care and attention to detail with these dishes as they do with our seafood dishes.

For those looking for something a little lighter, we have a grilled chicken breast dish, served with seasonal vegetables and your choice of sauce. And for those who prefer pork, we have a succulent pork chop, served with roasted apples and a bourbon glaze.

We believe in offering a diverse menu to cater to all tastes and preferences. Whether you're a seafood lover or prefer other protein options, we have something for you.
